

### REMARKS

This application is being filed as a divisional application to present method of manufacture claims corresponding to the product claims in parent application Serial No. 10/215,188. Claims 1-3, which are directed to the products, have been canceled, and claims 4-9 have been amended to correct minor matters of English usage. The method claims are patentable over the prior art for the reasons that the corresponding product claims are patentable.

Early action allowing claims 4-9 is solicited.

In the event that the transmittal letter is separated from this document and the Patent and Trademark Office determines that an extension and/or other relief is required, applicant petitions for any required relief including extensions of time and authorizes the Commissioner to charge the cost of such petitions and/or other fees due in connection with the filing of this document to

Deposit Account No. 03-1952, referencing Docket No. 492322006510.

Respectfully submitted,
